

Effective Team Development

Does your team function to its full potential and capacity?

Do your team members work together to achieve the team goals?

Unfortunately in business it's a fact that teams seldom realise their optimum potential. To develop the ultimate team all members must understand the dynamics of the team and be equipped to fulfil their responsibility in the achievement of overall team goals.

The Outcomes:

The Effective Team Development course is an intensive team development course for the whole team, including their managers. You'll find your team outperforms even the best individual team member, achieving outcomes from this course that are far beyond those of conventional team building or team planning days.

The Effective Team Development course assists forward thinking teams to develop more of the unfulfilled potential of both the individual members and the group as a whole.

Team members can expect to:

- Understand the meaning of a team
- Improve individual and group productivity
- Build a high performance team
- Establish clearly defined team goals and develop a Plan of Action to achieve them
- Determine clear roles and responsibilities within the team
- Improve communication within the team, and much more.

The Unique LMA Process:

Leadership Management Australia (LMA) delivers a process that not only provides skill and competency development, but changes the attitudes and behaviours of the Participant.

Many organisations will prefer to run this course with their own teams, on their own premises and focussed on their overall team development goals. However, the option also exists to send your team to an "open" course to benefit from interaction with teams from other organisations.

This unique process delivers:

- Comprehensive resource material including Manuals, CDs and Plans of Action are provided to the Participant. This enables multi-sensory learning and easy review
- Four interactive workshops conducted by an experienced LMA Facilitator/Coach
- Identification and accomplishment of individual and team goals and objectives
